

## **ACKNOWLEDGEMENTS**

I wish to thank:

Dr Julie Robinson for her ongoing guidance and support of this research.

The palliative care patients at Southern Adelaide and Lyell McEwin Palliative Care Services who participated in this research despite their suffering and advanced disease.

Ms Kyle Lange and Mr Pawel Skuza of the Flinders University Information Technology Department for their assistance with conversion of the archival data base and creation of graphs.

My partner, Mr William Alexander for his continuous patience, encouragement and support during my thesis write-up.

My team leader, Ms Janina Osman-Grela for her flexibility and support without which I would not have been able to complete this thesis on time.
